Sexual Purity Triage Tool

Create Safety    Extend Love    Cast Hope

The landscape

Sexual purity remains a growing battle in today’s culture and in the church. It increasingly takes on new forms, facilitated through new avenues. While sexual purity battles among men and women carry common themes, each individual situation is unique. Thus, the intention of this tool is to assist helpers to understand the uniqueness of an individual’s sexual purity standing and provide the “next step” toward purity. This tool assumes the counselee is a Christian believer and is deeply rooted in the hope of the gospel.

“... I will build my church; and the gates of hell shall not prevail against it.” - Jesus

Introduction to the tool

This artifact assumes helpers are not clinicians. Therefore, this tool is not intended to diagnose sexual addiction but instead provide perspective surrounding the issue so helpers might have proper bearings to help navigate souls through the waters of sexual sin.

  ◦ What questions will be helpful in facilitating dialogue with the counselee?
Sexual Purity Assessment Tool

**Directions:** Sexual sin finds itself on a continuum. No one case is exactly like another. The sexual purity assessment tool is a guide for understanding the distinctions between those who are battling but overcoming sexual sin and those who are enslaved to it. Use the questions below to help provide some distinction on this continuum.

### Overcoming
- **Shorter**
  - How long have you struggled?
    - (Consider the context of age and circumstance.)
  - Less
  - Successful
  - Do not seek
  - Biblical

### Enslaved
- **Longer**
  - How frequently do you “act out”?
    - (What is the context for the inputs that give rise to your “acting out”?)
  - More
  - Not
  - Seek it out
  - Distortion
**Sexual Purity Helps**

**Directions:** Knowing what interventions to put in place provides a great deal of hope and help. The content below casts a vision for interventions which can be employed in the context of where each counselee is on the continuum of enslavement.  
*Note: The interventions are cumulative. An “enslaved” person should employ all interventions.*

---

**Overcoming**

- Bible Study, Prayer, Church attendance, Companionship

---

**Enslaved**

- Accountability  
  (Ex: accountability partner, web filtering & accountability software)

- Intentional Mentoring  
  (Ex: AC Way of Purity or mature brother/sister)

- Licensed Counselor

- Sexual Addiction Support Group

- MD for Psych - Meds

- Short/long term Intensives
The statements below are not intended to be a metric for rigorous diagnosis. They are intended to facilitate dialogue on a topic which is difficult to talk about.

Consider the statements below that describe various thoughts, feelings, and behaviors. The user should respond to each statement by indicating to what degree they are true. These questions act as “stems” for further questioning. Consider following up with prompts such as “how so? In what ways? Why do you think that is?”
